GARDENING

for PROFIT and PLEASURE

You Can
Produce
A Crop
of
Cabbage
Four
Weeks
Earlier

By Using
Our
Field
Grown
Frost
Proof
Cabbage
Plants

OUR plants are grown in the open field and hardened through frost and freezing weather, and will mature four weeks earlier than home grown or hot bed plants. After going through this frost and freezing weather they have been known to survive 10 above zero without injury to the plants!

THE JEFFERSON FARMS
ALBANY, GEORGIA

Elgin or Waltham Watch FREE !!

See your neighbors and friends and get them to club their order with yours, and send us an order for \$10.00 worth of plants, cash with order, and we will send you a seven jewel Elgin or Waltham Watch, fancy engraved Chromium case, open face, fully guaranteed for \$2.00 extra or absolutely FREE for an order for \$20.00 worth of plants. The entire order will be shipped to you. Show this price list to your friends and ask them to help you Win the Watch.

All Order Shipped Same Day Received Weather Permitting

We have 70 acres of Cabbage Plants and 20 acres of Onion Plants.

No delay when you order direct from our farms.

NOTICE !!

Please do not compare our Frostproof plants with the soft tender Plants, shipped from Texas, or a warmer climate where they have no cold weather to harden the plants. Our plants will give better results, live better and grow off faster than soft, tender plants offered at cheaper prices.

Porto Rico Yam Sweet Potato Plants

This variety is by far the best and most profitable sweet potato grow. A very heavy yielder, requiring less cultivation due to rapid growth and dense foliage which shades the ground. We grow no other variety so you can rest assured that you get a pure strain from our farm.

Orders must be placed far in advance as we only bed sufficient seed to insure the number of plants for which we have orders. Shipment after April 1st. Prices Postpaid: 500 for \$1.25; 1000 for \$2.00; By Express or Parcel Post Collect: 1000 for \$1.50; 4000 for \$5.00; 10,000 for \$10.00

Agents, Dealers and Merchants write for Special Prices.

Charleston Wakefield

Charleston Wakefield

This cabbage is a Selection from the Early Jersey. It was originated by one of our oldest growers, and is the best all-around cabbage in existence; it is only about ten days later than the Early Jersey, and we recommend it above all others.

Early Jersey Wakefield

Many market gardeners consider this the best cabbage in cultivation. Its merits are many, among which are large heads for an early variety, small outside foliage, and uniformity of crop. The heads are medium size, cone shaped, and are white, solid and tender.

Early Jersey Wakefield

Large Flat Dutch

This variety needs no recommendation, as it is one of the oldest in cultivation. Exceedingly valuable for its quality, and for its ability to resist heat. Heads very solid, round, flattened on top, tender and fine grained

Early Flat Dutch

The Earliest of the flat head varieties. A sure header, and a very hardy grower, both in cold and hot weather. This variety is grown extensively in the South and gives universal satisfaction. We strongly recommend this variety.

Henderson's Succession

Henderson's Succession

Copenhagen Market

The heads of this variety are exceptionally large for an early variety. Growth is vigorous with solid compact heads with few outer leaves. About as early as Early Jersey Wakefield.

Frostproof Onion Plants

White Bermuda:

White Bermuda Onions are noted for their earliness, heavy yields and mildness of flavor. We plant our seed in October, and the plants takes on root growth during the winter months, and will grow very fast when put out in the Spring and we strongly recommend them for the more Northern Sections of the South where it gets too cold for this variety to live during the winter.

Prizetaker:

This is the best all-round variety. Our Prizetaker Onion is of the best American Seed, far superior to any imported varieties. Successfully grown in all parts of the country. Very large, frequently weighing five pound each. It is a light straw colored onion with pure white flesh. Fine grain, mild flavor, and keeps well.

Sweet Spanish or Valencia:

Our plants of this onion are superior to other strains of Sweet Spanish, in flavor, mildness, keeping qualities and yield. Very popular for home gardens, and creating market demand. Be sure and try this wonderful Onion.

Crystal White Wax:

This Onion is so well known it needs very little description in this price list. It is the most attractive onion grown, snow white in appearance, which makes it sell well on any market. Every garden should have a few rows of this variety.

Open Field Grown Tomato Plants

Grown from seed selected for big crops. Open field grown tomato plants are strong and hardy, short jointed and well rooted. We supply some of the largest canners, and commercial growers of tomatoes in the United States. Plants ready for shipment about April 1st. Book your order in advance if possible. Varieties: Earliana; Greater Baltimore; Stone; Livingstons Globe and Chalks Early Jewel. Prices: Postpaid - 100, 40c; 300, 75c; 500, \$1.25; 1000, \$2.00. By express collect- 1000, \$1.50; 5000, \$6.25; 10,000, \$10.00.

An Additional Profit of \$150.00 an Acre

An acre of Cabbage

well taken care of in an ordinary season will produce 15,000 heads, or thirty thousand pounds of good, wholesome food for man or beast. If you can realize the small sum of one cent per head you would realize

\$150.00 an Acre

and at one cent per pound would sell for \$300. At the time this is written cabbage is selling for three and one-half cents per pound here wholesale. Ask your local grocer the market quotations on cabbage. You can follow this same acre of land with cotton, corn or potatoes and make a good crop without additional fertilizer.

OUR GUARANTEE—All plants are guaranteed to reach you in good condition. Should there be any damaged plants, select the good ones and notify us at once.
